RESPONSE

Commissioner for Patents Alexandria, VA 22313

Sir:

In a telephone conference on February 4, 2005, the Examiner requested that differences between independent claims 1 and 16 be addressed by the Applicants. The Applicants submit that independent claim 1 recites features that include a transfer means, memorizing means, and rewriting means, for example. In contrast, independent claim 16 recites features that include a transfer device, memorizing device, and rewriting device. It is respectfully submitted that independent claims 1 and 16 are patentably distinct in that the transfer device, memorizing

device, and rewriting device of independent claim 16 are generic terms not limited in scope to structures specifically disclosed in the specification or equivalents thereof.

In view of the foregoing, the Applicants respectfully submit that all claims are in a condition for allowance. The Applicants respectfully request, therefore, that the rejections be withdrawn and that this application now be allowed.

This Response is being filed by facsimile transmission on February 4, 2005. Should fees be deemed necessary for consideration of this Response, such fees or extension are hereby requested and the Commissioner is authorized to charge deposit account number 19-0733 for the payment of the requisite fee. If anything further is desirable to place the application in even better form for allowance, the Examiner is respectfully requested to telephone the undersigned representative at (503) 425-6800.

Respectfully submitted,

By:
